

Fall Clip and Count

Thanks for downloading my Fall Clip and Count set! Each page makes a different Clip and Count game to use with your kids. Just print out the page you want to use, cut apart the number strips, mount them on poster board for durability, and laminate. All you need to add is clothespins. Your little ones can clip a clothespin onto each image, then count them to see how many they have. It will help them with numeral recognition, learning the counting sequence, one-to-one correspondence, and will improve their fine motor skills! I hope you and your little ones enjoy them!

~Mrs. A
